## **1.0 INTRODUCTION**

Thanks for purchasing this One Task Digital Signal Converter from TV One. The 1T-HDMI-DVI converts HDMI inputs to Digital DVI signals (while also providing an S/PDIF Audio output). This enables display on digital HDTV monitors or input to switcher devices. The 1T-DVI-HDMI converts a Digital DVI signal (while also combining an S/PDIF Audio input) to an HDMI format allowing the viewing or switching of a digital A/V signal on an HDMI system. Our professional video conversion products have been serving the industry for over twenty years. TV One offers a full line of high quality Video Scalers, Scan Converters, Analog-Digital (DV, SDI, DVI) Converters, Standards Converters, Digital Video Recorders, Frame Synchronizers, Time Base Correctors, LCD Monitors, Matrix Routing Switchers and Distribution Amplifiers.

### 3.0 CHECKING PACKAGE CONTENTS

Before attempting to use this unit, please check the packaging and make certain the following items are contained in the shipping carton:

- 1T-HDMI-DVI or 1T-DVI-HDMI
- 1x Power Adapter
- 1x Operations Manual

**Note:** Please retain the original packing material should the need ever arise to return the unit. If you find any items are missing, contact your reseller or TV One immediately. Have the Model Number, Serial Number and Invoice available for reference when you call.

#### 4.0 CONNECTING THE HARDWARE

Please study the panel drawings below and become familiar with the signal input, outputs, power requirements/inputs plus any controls present.

1T-HDMI-DVI

1T-DVI-HDMI

To begin, connect the AC adapter to the Converter's power input. Next connect the appropriate cable(s) to the source device and then the Converter. Finally, connect the output cable(s) to the Converter and to the destination device.

Once the cables have been connected, you can apply power to the source and destination devices and then plug the Converter's AC adapter into the AC power source. The Converter will begin to function as soon as it has power and you should see an image on the output device.

## **5.0 OPERATING THE UNIT**

Neither the 1T-HDMI-DVI nor the 1T-DVI-HDMI devices have any controls that require adjustment. Simply connect the cables and power as explained above and the device will convert whatever signal is present on its input to the complementary signal on its output.

## **6.0 TROUBLESHOOTING**

Other than problems with power or cabling, there is little in the way of troubleshooting required for either of the products. If neither the cabling nor the power is at fault and you still have faulty operation, make certain that both the source and destination devices are working properly.

After trying the above suggestions should the problem still persist, contact your dealer for additional suggestions before contacting TV One. Should the dealer's technical personnel be unable to assist you, contact TV One via our support website: **<http://tvone.crmdesk.com>**. Create a technical support request on the site and our support team will respond within a short period of time.

## **7.0 LIMITED WARRANTY**

LIMITED WARRANTY – With the exceptions noted in the next paragraph, TV One warrants the original purchaser that the equipment it manufactures or sells will be free from defects in materials and workmanship for a period of two years from the date of purchase. Should this product, in TV One's opinion, prove defective within this warranty period, TV One, at its option, will repair or replace this product without charge. Any defective parts replaced become the property of TV One. This warranty does not apply to those products which have been damaged due to accident, unauthorized alterations, improper repair, modifications, inadequate maintenance and care, or use in any manner for which the product was not originally intended.

Items integrated into TV One products that are made by other manufacturers, notably computer hard drives and liquid crystal display panels, are limited to the term of the warranty offered by the respective manufacturers. Such specific warranties are available upon request to TV One.

If repairs are necessary under this warranty policy, the original purchaser must obtain a Return Authorization Number from TV One and return the product to a location designated by TV One, freight prepaid. After repairs are complete, the product will be returned, freight prepaid.

LIMITATIONS - All products sold are "as is" and the above Limited Warranty is in lieu of all other warranties for this product, expressed or implied, and is strictly limited to two years from the date of purchase. TV One assumes no liability to distributors, resellers or end-users or any third parties for any loss of use, revenue or profit.

TV One makes no other representation of warranty as to fitness for the purpose or merchantability or otherwise in respect of any of the products sold. The liability of TV One with respect to any defective products will be limited to the repair or replacement of such products. In no event shall TV One be responsible or liable for any damage arising from the use of such defective products whether such damages be direct, indirect, consequential or otherwise, and whether such damages are incurred by the reseller, end-user or any third party.

## **8.0 REGULATORY COMPLIANCE**

The 1T-HDMI-DVI and 1T-DVI-HDMI Converters have been tested for compliance with applicable FCC and CE rules or regulations.

The Power Adaptor/Supply has been tested for compliance with UL, CSA, CE rules or regulations.
